# Adjusting to Change

The Roxburghe Hotel, Edinburgh, Scotland

Sat 23rd / Sun 24th September 2006

Dr James Chestnut

Dr Pat Gentempo

Dr Claudia Anrig

Plus Dr Steve Williams and others

'Adjusting to Change' is the first seminar of its kind to be held in Scotland. Its purpose is to bring together internationally renowned speakers to consider the necessity for Chiropractic in the ever-changing realm of natural healthcare. Our keynote speakers for the weekend are Dr James Chestnut, Dr Patrick Gentempo and Dr Claudia Anrig, all leaders in their field, who offer both scientific and philosophical perspectives. A dinner/ceilidh (ball) will be held on the Saturday night providing an opportunity to meet fellow members of our profession and share ideas, all while having a good time. This is a seminar to be enjoyed by all members of your staff.

We invite you to join us in Edinburgh for what we hope will be an exciting and knowledge-rich weekend.

All profits will be invested in making this an annual event.

See overleaf for registration details

## Plus Special Event...
